THE LIFE SAVING INSTRUMENTS

### GREEN POLICY

We are Committed to the protection of the Environment , Since we believe that industry has as a key function in the protection and preservation of the habitat earth.

For improved awareness of environmental preservation and betterment, administer employee education and appeal to our staff, suppliers and all the parties concerned for the cooperation in green activities.

Reduce environmental impact of our product development in it's life cycle, form production to disposal, through effective use of resources.

Disclose our green policy to everyone concerned, from our employees to those outside the company.

Umar Farooq Butt  
Chief Exective
